

IMPORTANT!

MAAC (Manitoba Association of Automobile Clubs) is a non-profit Association for the promotion and protection of the antique and specialty vehicle hobby in Manitoba for 27 years

We have seen many changes in our automotive hobby over the past couple of decades, one of the changes has been the declining number of car clubs.

Today, many individuals feel there is no benefit to belong to a car club, but belonging to a car club gives them the strength to deal with things a smaller group can't, remember the old saying "*there is strength in numbers*"

Right now our hobby is threatened, all enthusiast knows we are under attack, a lot of people don't understand what our hobby does and how we help the community and the people around us. The majority of car clubs give back by volunteering, bringing awareness to organizations, by donating money and in many other ways. Collector Car Appreciation Day is an event that will help us put a positive spotlight on our hobby.

MAAC has been a influential force in protecting our hobby, but if we don't support them, they will slowly wither and fade away and it will be much harder to reconstruct an organization like theirs to help protect us, remember, "*there is strength in numbers*". An example of how MAAC is helping us is with the derelict vehicle law that is affecting many of us right now.

The Road Rebels and BACE have always supported MAAC with annual memberships and by purchasing their third party liability insurance. Right now insurance is the issue, without MAAC clubs would have to purchase their own insurance and that would be just too expensive for many clubs, there is a possibility some events will not happen because of insurance being too expensive. MAAC is in crisis right now, please read the attached letter. If you are an automotive club please become a MAAC member and purchase the insurance, the overall cost of being a MAAC member is very affordable, the more members, the lower the price of the insurance, remember "*there is strength in numbers*". Visit the [MAAC](#) website for more information organization.
